## Experience

Consultancy Company - London  
**Al-Burhan Group**  
Creative Director

Aug 2008 - Present

Plan and design various creative art works for the company, including the company profile and other publications, the company web site, offer letters etc. It is also my responsibility to ensure all media meets various cooperative benchmarks - such as correct company colours, fonts etc.

HTML / PHP website design and development including Search Engine Optimization (SEO), feedback forms, online galleries etc.

Basic network admin work such as installing network printers, checking the CCTV system, installing NAS systems and new work stations. Office email configurations and email signatures.

Advertising Agency - India  
**Green House Brand Works**  
Senior Graphic Designer / Account Manager

Jan 2008 - Jun 2008

Meet with clients and get/analyze their requirement, delegate the work among the team and head the project. I work on Flash headers, Flash advertisements, graphic designing, newspaper advertisement creation, PDF creation, Colour Scheme balancing, Copy Writing checks and web site tweaking.
